VOLUNTARY TRANSFER COMPREHENSIVE SITES
BP 5116.2**

Students shall attend school in their attendance area unless otherwise authorized through district processes. District policies, state and federal laws/regulations mandate that we provide accommodations for the educational, physical, and emotional needs of students. Therefore, if the unique needs of a student are so great as to warrant overcrowding a school beyond its capacity, school administration may grant an administrative intradistrict voluntary transfer based on established criteria found in Administrative Regulation 5116.2.

Because of the negative impact to other students that is created by overcrowding a school beyond its capacity, administrative intradistrict voluntary transfers will be rarely granted and criteria will be strictly adhered to.
