**INTERDISTRICT ATTENDANCE
BP 5117**

The Governing Board recognizes that there are certain instances in which a student who resides in one district may request to attend school within another district and that such choices are made for a variety of reasons. However, the Board also believes that it is important that there be a reasonable ability for the district to project its enrollment effectively and to consider the fiscal impact of interdistrict transfers with the knowledge that the district offers a full range of programs and opportunities that can meet the needs of students. Therefore, the Board has determined that interdistrict transfers for students residing within the El Dorado Union High School District, not otherwise provided for by law, be limited.

(cf. 5116.1 - Open Enrollment)

The Governing Board has delegated the authority to accept or reject interdistrict transfer requests to the Superintendent and/or designee.

The Governing Boards of two or more school districts may enter into an agreement for a term not to exceed 5 school years. Students must have an approved interdistrict attendance agreement with the El Dorado Union High School District prior to enrollment within the high school district; feeder school district interdistrict agreements do not apply. *(Education Code 46600)*

The resident district of an interdistrict transfer request that has been denied shall send a timely written notice, in accordance with law, regarding the process for appeal to the County Board of Education. This notice shall be provided by the district denying the request, or in the absence of an agreement between the districts, by the district of residence.

The District will communicate with parents/guardians and students regarding the educational programs and services that are available in the District through the Course Directory and the Annual Notification publication.

Athletic eligibility may be affected by the transfer; students are subject to all District and CIF rules and regulations.

The Governing Board elects not to participate in the state's alternative attendance program.
